## MARINI'S SIGNATURE COCKTAILS

---

The late Gary Regan (aka Gaz Regan) wrote in his most famous book, "The Joy of Mixology", about the earliest records of the word 'cocktail'. In it, he recounts through the pages of history to when taverns would serve beers or ales from barrels; each barrel had a 'cock' (or spout) from which the liquid inside would come out of, and when the barrels were close to finishing, what was left over inside were the 'tails'. He recounts that when Innkeepers had several barrels with only the 'tails' left, they would mix them all together and serve them at a discount, thus giving birth to the term 'cocktails'. Today, we enjoy much more refined versions of it's predecessors...
